Accounting

Learn the art and science of managing a company's finances.

Accounting professionals are critical to the success of virtually every company and organization. At Berkeley College, a range of degree programs covers varying levels of accounting theory and practical knowledge, preparing students with the skills and qualifications necessary to enter the professional world.

The Accounting program at Berkeley College is designed to prepare students for a range of career opportunities with accounting firms, with public and private companies, and with numerous other types of organizations. Participation in student chapters of professional associations, student clubs, and alumni interaction can help students make important industry connections.

Benefit from:

- 1 Understanding financial and managerial accounting theory and applying that knowledge in a business environment
- 1 Mastering the technology used by accounting professionals, including the creation and management of spreadsheets, databases, and more
- 1 Curricula that include courses in Government, Nonprofit, and Tax Accounting
- 1 Hands-on learning from instructors chosen for academic excellence as well as **relevant professional experience**
- 1 Baccalaureate programs that contribute to preparing students for the rigorous CPA exam
- 1 Participation in a capstone course designed to put theory into practice
- 1 Valuable, practical experience through program-related, faculty-monitored internships or job-related assignments
- 1 A seamless transition between Associate's and Bachelor's degrees
