International Business Associate in Applied Science Degree (A.A.S.)

Course Requirements

MAJOR COURSES

BUS250 Computer Applications in Business

Qtr. hrs. credit
2

An introduction to computer-based applications and simulations in business. Students will learn the concepts and software used by business organizations in order to simulate real-life problem solving.

Prerequisites: BUS100, CIS115

IBS201 International Business

4

Explores the diverse environments, management concerns, financial issues, and marketing questions faced by international business organizations. Students gain a heightened global awareness as they seek the knowledge and skills needed to function competitively in an increasingly interdependent world.

Prerequisite: BUS100

IBS225 International Trade Policies and Practices

4

Examines the various international trade theories, policies, practices, and current controversies regarding national trade policies. Also explores the influences of the World Trade Organization and international trade agreements on government and corporate trade practices. Focuses on the operational aspects of conducting international trade.

Prerequisite: IBS201

IBS230 International Marketing

4

An introduction to the various concepts of marketing in an international setting. Addresses the global issues that challenge marketers. Topics include techniques for entering and exploiting international markets, the elements of an international marketing mix, and the cultural influences on marketing management and strategies.

Prerequisites: IBS201, MKT220

IBS240 International Management

4

An introduction to the various aspects of international management. Topics include the challenges of managing international organizations, the impact of culture on organizations, and the management of cultural diversity at home and abroad.

Prerequisites: IBS201, MGT220

BUSINESS COURSES

ACC110 Fundamentals of Accounting for Managers

4

Covers basic financial accounting elements, definitions, and

statements. Students learn how to read and understand financial statements and how to use them in making financial business decisions.

BUS100 Business Organization and Management 4

Explores the nature and scope of business, examines its component parts, and describes how businesses are organized and managed. Students will learn about the various internal and external forces that comprise our business and economic system.

BUS226 Career Management Seminar 2

Explores career development opportunities and strategies. Stresses entry-level job requirements and upward career paths. Covers resume writing skills, interviewing techniques, and the importance of professionalism. Continues the student's orientation to Berkeley College's computer framework, which includes content collection and compiling a professional ePortfolio.

BUS293 Internship 4

Allows students to work in a position related to their course of study. Students integrate the skills and knowledge learned through their academic experiences and participate in focused online discussions and special online projects.

Prerequisites: BUS226 and departmental approval

CIS115 Computer Applications 4

An introduction to computer technology with an emphasis on applications. Students learn how to use software packages, such as Microsoft Windows, Word, PowerPoint, and Excel. Includes an orientation to Berkeley College's computer framework, which includes Blackboard, content collection, and portfolio development.

MGT220 Principles of Management 4

Examines operational theories of management under the functions of planning, organizing, staffing, directing, and controlling. Emphasizes the manager's role in creating and maintaining an internal environment for performance. Students discuss cases in detail.

Prerequisite: BUS100 or prior approval

MKT220 Principles of Marketing 4

Provides an introduction to the fundamental principles and practices in the marketing process. Provides a detailed study of each marketing mix tool (product, price, place, promotion) along with an introduction to marketing research and consumer behavior.

LIBERAL ARTS COURSES

ENG105 Expository Writing 4

An introduction to expository writing through a comprehensive survey of forms of composition. Students are taught to use words with precision, and strengthen their understanding and application of grammatical and rhetorical principles. Students are encouraged to appreciate and incorporate the principles of academic and professional writing.

ENG106 Writing Through Literature 4

Strengthens the writing, reading, and interpretive abilities introduced in ENG105. Encourages students to develop an appreciation and understanding of various works of literature, and utilize literature to enhance critical thinking and writing.

Prerequisite: ENG105

ENG115 Public Speaking 4

Designed to help students improve oral communication skills. Emphasis is placed on identifying good and poor speech habits, techniques for improving speech, oral interpretation, effective speech planning and delivery, and interpersonal communication.

Prerequisite: ENG106

GEC123 Introduction to Applied Psychology 4

A required course for first-quarter students that examines basic psychological concepts which can be helpful in adjusting to the college experience. Some of the subtopics covered include stress management, academic challenges, communication skills, time management, healthy relationships, positive thinking, conflict management, and balancing home/college/work.

MAT212 Mathematics with Business Applications 4

Introduces students to the personal use of mathematics and the applications for various business disciplines including accounting, fashion marketing and management, financial services, and marketing. Explores the business applications of linear functions, quadratics functions, and systems of linear equations. Emphasis will be placed on the use of Excel to solve real-world business problems.

Prerequisite: CSK099 or placement

SOC201 Macroeconomics 4

An introduction to the study of macroeconomics. Provides a brief history of economics, from Adam Smith to the present. Students will learn the theories of contemporary macroeconomics, as well as their application and impact in today's world.

SOC210 Introduction to Sociology 4

Examines the social institutions that shape and influence the behavior of the individual and groups in society, with emphasis on examining contemporary social problems. Topics include the foundation of the study of human social life, theories and methods of sociology, and basic sociological concepts.

General Education Core Humanities Elective 4

FREE ELECTIVES 14

90 QUARTER CREDIT HOURS REQUIRED FOR GRADUATION

In the final quarter most on-site courses are offered only during the late afternoon and early evening so as not to interfere with internships.
