

COVID-19 Financial Aid Policies

Emergency FSEOG Policy

Updated Policy

In December 2020 Berkeley College decided to allocate a portion of its 2020-2021 Federal Work Study Federal Capital Contribution to Title IV-eligible students registered for the winter 2021 semester. Berkeley College identified 449 registered students that were Title IV-eligible and who had balances for the winter 2021 term. On December 22, 2020 Berkeley College awarded all 449 students as follows:

Balances of \$500 - \$999 received \$500

Balances of \$1,000 - \$2,999 received \$1,000

Balances of \$3,000 or more received \$1,500

Students who do not maintain at least a half-time status (6 credits or more) at the college's winter 2021 term census point will forfeit the award. Students whose balances change due to a change in credit load or additional Financial Aid will have their Emergency SEOG moved to a prior balance, if any. Otherwise, the College will hold the credit for the spring 2021 semester. If not needed for the spring 2021 term, the student will receive the appropriate refund by the 6th week of that term.
