

Credit for Prior Learning (CPL) Guide

What is CPL, and how
do I start the process?

Berkeley College[®]

Your **potential** is our **promise**.[®]

What is Prior Learning?

Learning does not only take place in the halls of academia. Adult learners bring to the classroom many years of learning through diverse experiences in life and in the workplace. Some of these experiences may be counted towards college-level work through prior learning credits.

Prior Learning is defined as documented college-level learning acquired through previous study or through non-classroom experiences. These experiences may include travel; volunteer work; independent acquisition of knowledge; participation in formal courses sponsored by associations, businesses, government, industries, the military, and unions; and participation in certification programs and professional development courses. Only documented, college-level learning will be awarded college credit. Credit is granted for learning from experience, not for experience alone. Students must complete the last 25 percent of the credits required for their degrees through courses taken at Berkeley College (either on site or online).

How can I earn Prior Learning Credits?

- National Standardized Tests such as AP, CLEP, DANTES Subject Standardized Test (DSST), Excelsior College Examinations (ECE) and UExcel Exams
- StraighterLine Course Equivalencies
- Berkeley College Challenge Examinations
- New York University Foreign Language Proficiency Exams
- Military Training
- Police Academy Training
- Published Guides (such as the American Council on Education CREDIT program and the National College Credit Recommendation Service (National CCRS))
- Sophia Learning Course Equivalencies

New students with work experience should notify their Admissions representatives. Continuing students with work experience should notify their Academic Advisors. An Admissions representative or Academic Advisor will be available to review the possibilities for credit recognition through prior learning. Students will receive advice on the best method for assessment and the procedures to be followed.

Credit by National Standardized Tests

Berkeley College grants credit as recommended by standard assessment guides, including NCCRS (National College Credit Recommendation Service), ACE (The American Council on Education), and DSST (DANTES Subject Standardized Test). The College also grants credit for acceptable scores on national standardized examinations including CLEP (College-Level Examination Program®), ACT-PEP (American College Testing-Proiciency Examination Program), and for professional certification exams in the ACE exam guide. The academic advisor will advise students, review the possibilities for credit recognition, and determine the best method for assessment.

CLEP

The College-Level Examination Program® (CLEP) developed and administered by the College Board, offers exams in five subject areas, covering material taught in courses that are generally taken in the first two years of college. Exams are approximately 90 minutes long, with the exception of College Composition, which is 120 minutes. Exams contain mainly multiple-choice questions. College Composition and a few other exams contain other types of questions and essays. Refer to the equivalency section of this document for a listing of CLEP exams and the Berkeley College course equivalencies. A cost is associated with this program.

Sophia Learning

Sophia Learning offers self-paced online courses that may be transferable for credits in degree programs at Berkeley College. Sophia offers a free trial for their college-level courses, which are then available for a monthly fee if you become a member. Courses are available in Business, Computer Science and IT, English and Communications, Language, Math, Science, Social Science, and more. When course requirements are met, Sophia will send transcript information to Berkeley College.

StraighterLine

StraighterLine provides online course equivalency assessment preparation. Upon completion of the StraighterLine course equivalency assessment with a 70% minimum grade, StraighterLine will then recommend transfer credits to be recorded in the Berkeley College transcript. A membership cost and a course equivalency assessment cost associated with this product. View the equivalency section of this document or the Berkeley College StraighterLine course equivalency webpage for a listing of Berkeley College courses and the StraighterLine course equivalencies. Note: StraighterLine credit recommendations will be accepted through the first year of a student being matriculated at Berkeley College.

Credit by Advanced Placement examination

Students who have taken college-level courses in high school and who have passed the Advanced Placement exams given by the College Board will receive credit for those courses if they receive a score of 4 or higher and are applicable to their program at Berkeley College. Credit is transcribed as "CR" and is not part of the GPA calculation.

DSST Exams

DSST (DANTES Subject Standardized Tests) offers exams in college subject areas such as Social Sciences, Math, Applied Technology, Business, Physical Sciences, and Humanities. The American Council on Education's College Credit Recommendation Service (ACE CREDIT) evaluated and recommended college credit for all DSST exams. The exams are funded for active-duty military and their spouses. DSST exams are offered at test centers nationwide.

Credit by Challenge Examination

Matriculated students can choose to take a Berkeley College Challenge Exam to demonstrate mastery of selected courses that are required by the College as part of a degree program.

Challenge Exams are academically equivalent to the comprehensive final exam for a course and require a passing grade of 80% or better. These exams are offered for students at all of our campus locations and may also be able to be administered at a remote location for our online students. Students work with Berkeley College's department chairs, if appropriate, and Academic Advisors to determine whether a Challenge Exam is their best option. Appropriate academic credit will be granted to students who pass Challenge Exams upon recommendation of the school dean or department chair. Note that Challenge Exams are not offered for all courses, including the following: First Year Experience (SOC1123), internship courses; and capstone courses.

Credit for such courses will appear as "CE" on the student's Berkeley College transcript and will not be included in the GPA calculation. A Challenge Exam may be taken once. Grades are final and may not be appealed.

Students may not attempt to test out of courses in which they are currently enrolled or in previously failed courses.

Students enrolled in Allied Health Programs are not eligible to receive credit for prior learning via Challenge Exam for courses that contain a lecture and laboratory, and/or clinical component due to accreditation standards and/or program approval requirements. Students enrolled in the LPN to BSN, Medical Assistant, Patient Care Technician, Practical Nurse, Surgical Processing Technician, and Surgical Technology programs should refer to their respective program-specific Student Handbook Supplement for additional information regarding credits for prior learning.

NYU Foreign Language Proficiency Exams

The NYU School of Professional Studies offers three different language-testing examinations to evaluate knowledge of a language and assign points equivalent to undergraduate credit. The actual amount of credit granted is at the discretion of Berkeley College. Testing takes place at the NYU campus; however, Spanish and Hebrew exams are also currently available online.

Credit For Military Training

The College will grant credit for study at military service schools that have been evaluated by the Office on Educational Credit and Credentials of the American Council on Education (ACE), as well as for study at select military schools for which, after an institutional review, the College deems it appropriate to grant additional credit.

Members of the armed forces currently on active duty should submit an AARTS, SMART or Coast Guard Institute transcript to receive credit. Air Force members should submit an official transcript from the Community College of the Air Force (CCAF) to receive credit.

Since 1950, a separation report has been identified as DD Form 214. Prior to 1950, Army and Air Force veterans were issued a Separation Qualification Record; Navy and Coast Guard veterans were issued a Notice of Separation; Marine Corps veterans were issued a Report of Separation. A notarized photocopy of the original separation report should be submitted to the College. Students should not submit the original. Students unable to locate the original separation report can request a copy from The National Personnel Records Center, Military Personnel Records, 9700 Page Blvd., St. Louis, MO 63132, and forward it with the cover form from the National Personnel Records Center to the College. Members of the reserves or National Guard should contact their units for necessary documentation.

Credit for Police Academy Training

Transfer credit policy requirements:

To be awarded Berkeley College credit toward degree requirements in its General Business, Justice Studies – Criminal Justice, Management, or National Security programs, students must submit evidence of satisfactory completion of training at an accredited police academy, including, but not limited to, the New Jersey State Police Academy, the New Jersey Police Training Commission, the New York City Department Police Academy, and the Port of Authority of New York and New Jersey Police Academy. At the discretion of the Dean, School of Professional Studies, and the Chair, Justice Studies Department, or the Dean, Larry L. Luing School of Business®, and the Chair, Management Department, additional credits may be awarded after review of law enforcement training transcripts.

Justice Studies – Criminal Justice Program

Students may receive the following 24 credits towards an Associate's Degree (AAS) or a Bachelor's Degree (BS)*

3 credits – JUS2000 Career Development

3 credits – JUS1100 Introduction to Justice Studies

3 credits – JUS1110 Communication Skills for Criminal Justice Professionals

3 credits – JUS2201 Criminal Procedure

3 credits – JUS2205 Criminal Law

3 credits – SOC1123 First Year Experience

3 credits – SOC2231 Human Relations

3 credits – SOC2218 Police and Society

For New Jersey law enforcement officers, credits may be awarded as follows:

Basic Course for Police and Corrections Officers: all courses (24 credits)

Special Officer Class II: JUS2000, JUS1100, JUS1110, SOC1123, SOC2218, and SOC2231 (18 credits)

Special Officer Class I: JUS2000, JUS1110, SOC1123, and SOC2218 (12 credits)

Auxiliary Police Officers: JUS2000, SOC1123, and SOC2218 (9 credits)

For New York City law enforcement officers, credits may be awarded as follows:

Basic Course for Police and Corrections Officers: All courses (24 credits)

Auxiliary Police Officers: JUS2000, SOC1123, and SOC2218 (9 credits)

*For law enforcement officers who currently possess an Associate's degree and/or more than 60 semester credits from an accredited college/university, up to 18 additional credits may be awarded for prior learning/work/service with no required internship.

*For law enforcement officers in other states, transfer credits will be evaluated and awarded upon further review by the Chair of the Justice Studies-Criminal Justice and National Security programs.

National Security Program

Students may receive the following 24 credits towards a Bachelor's Degree (BS)*

3 credits – JUS2000 Career Development

3 credits – NTS1100 Introduction to National Security

3 credits – NTS1110 Communication Skills for National Security

3 credits – NTS2215 Introduction to Emergency Management

3 credits – NTS2217 Ethics in Homeland Security

3 credits – National Security Elective

3 credits – SOC1123 First Year Experience

3 credits – SOC2231 Human Relations

For New Jersey law enforcement officers, credits may be awarded as follows:

Basic Course for Police and Corrections Officers: All courses (24 credits)

Special Officer Class II: JUS2000, NTS1100, NTS1110, NTS Elective, SOC1123, and SOC2231 (18 credits)

Special Officer Class I: JUS2000, SOC1123, NTS1110, and NTS Elective (12 credits)

Auxiliary Police Officers: JUS2000, SOC1123, and NTS Elective (9 credits)

For New York City law enforcement officers, credits may be awarded as follows:

Basic Course for Police and Corrections Officers: All courses (24 credits)

Auxiliary Police Officers: JUS2000, SOC1123, and NTS Elective (9 credits)

*For law enforcement officers who currently possess an Associate's degree and/or more than 60 semester credits from an accredited college/university, up to 18 additional credits may be awarded for prior learning/work/service with no required internship.

*For law enforcement officers in other states, transfer credits will be evaluated and awarded upon further review by the Chair of the Justice Studies-Criminal Justice and National Security programs.

Management Program

Students may receive the following 18 credits towards an Associate's Degree (AAS) or a Bachelor's Degree (BBA)*

3 credits – SOC1123 First Year Experience

3 credits – SOC2231 Human Relations

3 credits – Mathematics/Science Elective

6 credits – Management Electives

3 credits – Business Elective

For New Jersey law enforcement officers, credits may be awarded as follows:

Basic Course for Police and Corrections Officers: All courses (18 credits)

Special Officer Class II: SOC1123, SOC2231, Free Elective, Mathematics/ Science Elective (12 credits)

Special Officer Class I: SOC1123, SOC2231 (6 credits)

Auxiliary Police Officers: SOC1123, SOC2231 (6 credits)

For New York City law enforcement officers, credits may be awarded as follows:

Basic Course for Police and Corrections Officers: All courses (18 credits)

Auxiliary Police Officers: SOC1123, SOC2231 (6 credits)

*For law enforcement officers who currently possess an Associate's degree and/or more than 60 semester credits from an accredited college/university, up to 18 additional credits may be awarded for prior learning/work/service with no required internship.

*For law enforcement officers in other states, transfer credits will be evaluated and awarded upon further review by the Dean, Larry L. Luig School of Business and the Chair, Management Department.

General Business Program

Students may receive the following 18 credits towards a Bachelor's Degree (BBA)*

3 credits – SOC1123 First Year Experience

3 credits – SOC2231 Human Relations

6 credits – Business Electives

3 credits – Free Elective

3 credits – Mathematics/Science Elective

For New Jersey law enforcement officers, credits may be awarded as follows:

Basic Course for Police and Corrections Officers: All courses (18 credits)

Special Officer Class II: SOC1123, SOC2231, Business Elective, and Free Elective (12 credits)

Special Officer Class I: SOC1123, SOC2231 (6 credits)

Auxiliary Police Officers: SOC1123, SOC2231 (6 credits)

For New York City law enforcement officers, credits may be awarded as follows:

Basic Course for Police and Corrections Officers: All courses 18 credits)

Auxiliary Police Officers: SOC1123, SOC2231 (6 credits)

*For law enforcement officers who currently possess an Associate's degree and/or more than 60 semester credits from an accredited college/university, up to 18 additional credits may be awarded for prior learning/work/service with no required internship.

*For law enforcement officers in other states, transfer credits will be evaluated and awarded upon further review by the Dean, Larry L. Luig School of Business and the Chair, Management Department.

School of Health Studies

Credit for Completion of Certificate or Diploma Training Programs

To be awarded Berkeley College credit toward degree requirements in the School of Health Studies Associate in Applied Science Degree (AAS) programs, students must submit evidence of satisfactory completion of

training in a certificate or diploma program. Credits may be awarded after the Dean of the School of Health Studies and/or the Chair of the Program review training transcript(s). The table below shows the programmatic accreditation requirements for each of the degree programs offered in the School of Health Studies.

Berkeley College Degree Program	Programmatic Accreditation Requirement of the Certificate/Diploma Training Program
Medical Assistant Associate in Applied Science Degree (AAS)	Commission on Accreditation of Allied Health Education Programs (CAAHEP) or Accrediting Bureau of Health Education Schools (ABHES)
Surgical Technology Associate in Applied Science Degree (AAS)	Commission on Accreditation of Allied Health Education Programs (CAAHEP) or Accrediting Bureau of Health Education Schools (ABHES)
Health Services Administration - Medical Insurance, Billing, and Coding Associate in Applied Science Degree (AAS)	None
Health Sciences Associate in Applied Science Degree (AAS) Surgical Processing Technician Specialization	Certificate or diploma program and such program requires students to complete 400 hours of hands-on clinical training
Health Sciences Associate in Applied Science Degree (AAS) Patient Care Technician Specialization	None

Credit for Health Care Credentials

Students interested in the Associate in Applied Science Degree (AAS) programs offered in the School of Health Studies may be eligible to receive credits for prior learning in their respective program if they hold active and in good standing health care licenses or certifications. Students requesting credit for prior learning must provide evidence of their active license or certifications. Students may hold more than one certification; therefore, the

total number of credits that can be earned will be determined upon review of the active credential(s). Credits will be awarded after the Dean of the School of Health Studies and/or the Chair of the Program review the active credential(s). The table below shows the acceptable credentials for each of the degree programs offered in the School of Health Studies.

Medical Assistant Associate in Applied Science Degree (AAS) 3 Total Certifications Required: One from each category	
Credential	Credentialing Agency
CATEGORY 1	
Certified Medical Assistant (CMA)	American Association of Medical Assistants (AAMA)
Registered Medical Assistant (RMA)	American Medical Technologists (AMT)
National Certified Medical Assistant (NCMA)	National Center for Competency Testing (NCCT)
Certified Clinical Medical Assistant (CCMA)	National Healthcareer Association (NHA)
Clinical Medical Assistant Certification (CMAC)	American Medical Certification Association (AMCA)
CATEGORY 2	
Certified Phlebotomy Technician (CPT)	National Healthcareer Association (NHA)
Registered Phlebotomy Technician (RPT)	American Medical Technologists (AMT)
National Certified Phlebotomy Technician (NCPT)	National Center for Competency Testing (NCCT)
Phlebotomy Technician Certification (PTC)	American Medical Certification Association (AMCA)
CATEGORY 3	
Certified EKG Technician (CET)	National Healthcareer Association (NHA)
National ECG Technician (NCET)	National Center for Competency Testing (NCCT)
Electrocardiograph Technician Certification (ETC)	American Medical Certification Association (AMCA)

**Health Services Administration - Medical Insurance, Billing, and Coding Associate in Applied Science Degree (AAS)
1 Certification Required**

National Certified Insurance and Coding Specialist (NCICS)	National Center for Competency Testing (NCCT)
Certified Billing and Coding Specialist (CBCS)	National Healthcareer Association (NHA)
Certified Professional Coder (CPC)	AAPC
Certified Professional Biller (CPB)	AAPC
Certified Medical Reimbursement Specialist (CMRS)	AMBA (American Medical Billing Association)
Billing Coding Specialist Certification (BCSC)	AMCA (America Medical Certification Association)

**Health Sciences Associate in Applied Science Degree (AAS) Surgical Processing Technician Specialization
2 Total Certifications Required: One from each category**

CATEGORY 1

Certified Registered Central Service Technician (CRCST)	Healthcare Sterile Processing Association (HSPA)
---	--

CATEGORY 2

Certified Endoscope Reprocessor (CER)	Healthcare Sterile Processing Association (HSPA)
Certified Flexible Endoscope Reprocessor (CFER)	Certification Board for Sterile Processing and Distribution (CBSPD)

**Health Sciences Associate in Applied Science Degree (AAS) Patient Care Technician Specialization
3 Total Certifications Required: One from each category**

CATEGORY 1

Certified Patient Care Technician/Assistant (CPCT/A)	National Healthcareer Association (NHA)
National Certified Patient Care Technician (NCPCT)	National Center for Competency Testing (NCCT)

CATEGORY 2

Certified Phlebotomy Technician (CPT)	National Healthcareer Association (NHA)
Registered Phlebotomy Technician (RPT)	American Medical Technologists (AMT)
National Certified Phlebotomy Technician (NCPT)	National Center for Competency Testing (NCCT)
Phlebotomy Technician Certification (PTC)	American Medical Certification Association (AMCA)

CATEGORY 3

Certified EKG Technician (CET)	National Healthcareer Association (NHA)
National ECG Technician (NCET)	National Center for Competency Testing (NCCT)
Electrocardiograph Technician Certification (ETC)	American Medical Certification Association (AMCA)

**Surgical Technology Associate in Applied Science Degree (AAS)
1 Certification Required**

Certified Surgical Technologist (CST)	National Board of Surgical Technology and Surgical Assisting (NBSTSA)
---------------------------------------	---

Credit by Challenge Examination

Students enrolled in the School of Health Programs are not eligible to receive credit for prior learning via Challenge Exams for program specific core courses that contain a lecture and laboratory, and/or clinical component due to accreditation standards and/or program approval requirements.

Matriculated students can choose to take a Berkeley College Challenge

Exam to demonstrate mastery of selected liberal arts and sciences courses that are required by the College as part of a degree program. Challenge Exams can only be attempted once for each course and may not be taken for any courses in which the student received a failing grade in a previous term. Students may not attempt to test out of courses in which they are currently enrolled. Challenge Exams are academically equivalent to the comprehensive final exam for a course and require a passing grade of 80% or better.
