Be inspired
Now more than ever, Berkeley College makes sense

In these unprecedented times, planning for your future has taken on a new level of importance. That’s where Berkeley College comes in. Since 1931, we’ve adapted to a constantly changing world to prepare people just like you for the professional world. From your first inquiry—to graduation and beyond—everything we do is focused on making you knowledgeable, marketable, and ultimately…successful.

Be practical

- Our degree and certificate programs are developed with input from industry experts to give you the skills today’s employers demand.

- Many programs include an internship, practicum, or job-related assignment where you can apply what you’ve learned and gain valuable career experience. Graduates receive free career assistance.*

- Dedicated faculty members are selected for excellent academic credentials, relevant professional experience, and a commitment to providing close, personal attention to students.

- Students can participate in group or one-on-one tutoring, collaborate with classmates in study groups, or develop their writing and computer literacy skills.

*Continuing Education certificate programs are not eligible.

Berkeley College takes pride in the success of its students.
Be flexible

- You can balance an education with even the busiest schedule. Study on campus, online, or through a combination of both—all with the support and guidance for which Berkeley is known.

- Berkeley offers programs that lead to Bachelor’s degrees, Associate’s degrees, Certificates, and an M.B.A. in Management. Our programs of study expand and evolve to meet current market demands.

You can also study at your own pace. You can earn:

- A Bachelor’s degree in as few as three years
- An Associate’s degree in just 16 months
- Both a Bachelor’s degree and an M.B.A. in as little as four years

Shorter certificate programs are also available.

- The Graduation Incentive Program: Helps students in Associate’s and Bachelor’s degree programs balance their course loads with other responsibilities. For every four courses completed, eligible students may take an additional course at no charge in their final semester.

Be recognized

- Small classes, personal attention: With an 20:1* student-to-faculty ratio, students can receive more personalized attention from professors.

- A leader in online education for more than 20 years, Berkeley College has been recognized by U.S. News & World Report as among the nation’s best online programs.

- Berkeley College New Jersey was ranked among the Best Regional Colleges – North in the recent U.S. News & World Report Best Colleges Survey and was also included on the Economic Diversity and the Least Debt Lists.

*U.S. DOE 2020 Enrollment IPEDS Survey (Integrated Postsecondary Education Data System)
Be in demand

Year after year, the list of companies that hire Berkeley students reads like a corporate “Who’s Who.” The professional world continues to demonstrate its trust in Berkeley’s high educational standards and the expertise of its graduates.

Be marketable

On-the-job internships, clinical practicums, or job-related assignments are integral parts of many programs of study. The Career Services Department assists in placing students in program-related positions that provide valuable, real-world experience as students earn academic credits.

Be guided

Berkeley has a staff of Career Services professionals who collectively specialize in each field of study and actively pursue job opportunities for every student who requests it.

Be professional

Your resume will be one of the most important tools in helping you begin your professional career. You will learn what your resume should (and shouldn’t) include and how to present the information most effectively.

Be ready

Interview scheduling—Career Services staff members distribute student resumes to employers and schedule convenient interview times.

Be confident

Coaching and interviewing strategies—You don’t get a second chance to make a first impression. Career Services will assist you with important aspects of a successful interview preparation, such as interview attire, typical interview questions, how to remain calm, and more. The importance of social media networking, online reputation management, and LinkedIn are also addressed.

Career assistance—Our commitment to students doesn’t end at graduation. Graduates receive free career assistance.*

*Continuing Education certificate programs are not eligible.

Learn from experienced professionals

Berkeley faculty members are chosen for their excellent academic credentials and relevant professional experience. Equally important, however, is their passion for teaching and their commitment to providing students with close, individual attention. At Berkeley, professors and students truly get to know each other through personal dialogue and interaction.

**Darshan Desai, Ph.D.**
Chair, Business Data Science, Larry L. Luing School of Business®

**Education**
B.B.A., M.B.A., Gujarat University
Ph.D., Nirma University

Dr. Desai is a subject matter expert on data science, business analytics and information management with extensive knowledge on Customer Relationship Management (CRM) systems, and predictive modeling. She has more than 16 years of experience with a range of technologies to implement data-focused projects. Her career has spanned the private sector, nonprofits, and academia.

At Berkeley College, Dr. Desai directs the Business Data Science degree program. With broad experience with industries and her large network, she has created many analytics consulting and research opportunities for her students.

Dr. Desai has published in academic journals, international conference proceedings, books, and technical reports. She has chaired, organized and presented in multiple conference sessions, panels, and collaborative events, worldwide, on topics including analytics, customer engagement, data mining, and artificial intelligence, and has spoken to the media on big data, predictive modeling, business intelligence, the industrial internet-of-things, and innovation.

**Gary Krulish, M.B.A., M.P.A.**
Chair, Justice Studies - Criminal Justice and National Security, School of Professional Studies

**Education**
B.S., Rutgers, The State University of New Jersey
M.B.A., New Jersey Institute of Technology
M.P.A., John Jay College of Criminal Justice, City University of New York

Professor Gary Krulish has been involved in law enforcement and criminal justice for more than 15 years, either in the field or within the classroom as a scholarly practitioner. He served as a Special Agent with the U.S. Secret Service and as a federal criminal investigator, focusing on all facets of financial crime investigations, as well as protection-related assignments.

Post-9/11, Prof. Krulish spent time on a number of task forces such as: the Federal Bureau of Investigation Joint Terrorism Task Force, 2002 Winter Olympics Games in Salt Lake City, the Department of the Treasury – Inter-Agency Organized Crime Task Force, and the West African Task Force. He has collaborated with law enforcement agencies at every level of government while working cases involving access device fraud, bank fraud, counterfeit currency, and identify theft, along with many other types of electronic crimes.
Suzanne Mullings, Ph.D., RN
Chair Undergraduate Nursing Programs, Nursing Department, School of Health Studies

Education
A.A.S., Bergen Community College
B.A., Rutgers University
M.S., Lehman College
Ph.D., City University of New York, The Graduate Center

Dr. Suzanne Mullings joined the Berkeley College School of Health Studies in 2019 as a faculty member, and was promoted to Associate Chair, Nursing/LPN to B.S.N. Coordinator. She brings more than 10 years of clinical and teaching experience in nursing, with a concentration in Adult Health Nursing. She is dedicated to the development of students who are transitioning into professional practice.

Dr. Mullings is involved in mentoring initiatives for nursing students. She is also a Board Trustee for the Board of Education in Englewood, NJ.

Byron Hargrove, Ph.D.
Director of the Honors Program and Faculty, Division of General Education

Education
B.A., University of North Carolina
M.A., University of Maryland
Ph.D., University of Maryland

As an award-winning educator and counseling psychologist with over 25 years of higher education experience, Dr. Hargrove has passionately taught and mentored students from the first-year experience to the doctoral hooding.

Since joining Berkeley College in New Jersey (2003), Dr. Hargrove has worked as an adjunct Instructor (Woodland Park, 2003-2005), Dean of Student Development & Campus Life (White Plains, 2005-2008), and full-time Psychology Professor in the Department of Humanities & Social Sciences (2008-present). Dr. Hargrove currently teaches the first-year experience, human relations, applied psychology, abnormal psychology and marriage and family courses at the New Jersey and Online campus locations.

In addition to teaching, Dr. Hargrove has served as the Director of the Honors Program since 2012.
Be a part of it all

A Berkeley College education involves learning that takes place both in and out of the classroom. In addition to regularly scheduled guest speakers, opportunities for educational excursions exist within just a few miles of each Berkeley campus. Classes have visited important destinations such as the United Nations, the New York Stock Exchange, fashion showrooms and merchandising centers, and other program-related facilities.

Students can engage in various cultural, educational, and social programs and activities both in person and virtually that contribute to a well-rounded educational experience.

Diversity and Multicultural Activities
Making the most of Berkeley’s opportunities

The diversity of the student body at Berkeley College enhances the educational experience and contributes to the cultural enrichment of the community. It also helps prepare students to enter the global business community with a better understanding of the similarities and differences among cultures. Berkeley College sponsors many ethnic, identity-based, and multicultural events to promote this understanding and to help students form relationships that can last far beyond their college years.
Online Opportunities

Stay connected...even when you’re far away

Students of Berkeley College Online® enjoy many of the same extracurricular opportunities as students who study at Berkeley’s on-site locations. Online students have the option of participating in all on-site and online activities, programs, events, and clubs. Online students can also volunteer to become a peer mentor for new online students, assisting them with their transition into the online community.

National publications have recently honored Berkeley College for its outstanding programs. Berkeley College Online® is one of the first college or university online programs worldwide to be awarded Quality Standards certification by the United States Distance Learning Association (USDLA), placing Berkeley among an elite group of institutions recognized for excellence in distance learning. In addition, U.S. News & World Report has lauded Berkeley College as one of America’s “Best Online Colleges” for Bachelor’s degrees for eight consecutive years.
“I like the fact that my professors at Berkeley are experienced in the fields in which they teach. They are able to share that real-world knowledge with us in the classroom through discussions and case studies. It is much better than just teaching from a textbook.”

Imani Miller
Business Administration
“At Berkeley, I’ve grown as a person and come out of my shell. My classmates and teachers are really supportive, and have helped me gain a lot of confidence. I’ve realized that how far I go in life is up to me.”

Stephanie Titus
Legal Studies
“The professors and classes are preparing me for my career. I learn better hands-on and my time at Berkeley has taught me skills and the software packages that will help me be successful in my field.”

—Gleny Bravo
Interior Design
Academic programs at Berkeley

Berkeley College offers programs of study under a semester calendar consisting of fall, winter, and spring semesters. The College offers the following degrees:

- M.B.A. (Master of Business Administration)
- B.B.A. (Bachelor of Business Administration)
- B.S. (Bachelor of Science)
- B.F.A. (Bachelor of Fine Arts)
- A.S. (Associate in Science)
- A.A.S. (Associate in Applied Science)

The College also offers Certificate programs with the option to transfer credits toward a degree. Shorter certificate programs and Continuing Education programs are also available.

Berkeley College is structured into three schools:

- Larry L. Luing School of Business®
- School of Health Studies
- School of Professional Studies

Larry L. Luing School of Business®

With a commitment to a career-focused education, the Larry L. Luing School of Business® helps prepare students for the professional business world. A wide range of rigorous academic programs is developed and constantly updated to meet today’s rapidly changing global business environment.

Academic Programs

- Accounting
- Business Data Science (with concentrations in Artificial Intelligence and Business Analytics)
- Fashion Merchandising and Management
- Financial Services
- General Business
- Health Services Management
- Information Technology Management
- International Business
- Management
- Marketing Communications
- Master of Business Administration (M.B.A.) in Management
School of Health Studies

The School of Health Studies provides outstanding career-focused education in some of today’s most in-demand healthcare professions. In-depth classroom instruction combines with practical, hands-on learning to prepare students with the knowledge and skills to enter rewarding careers in a range of roles in various healthcare-related facilities and organizations. Clinical students train with modern medical devices and technology in healthcare environments, where they learn current industry practices and procedures.

Academic Programs

- Health Sciences
- Health Services Administration - Medical Insurance, Billing, and Coding
- LPN to B.S.N.
- Medical Assistant
- Patient Care Technician
- Practical Nurse
- Surgical Processing Technician
- Surgical Technology

Division of General Education

The Division of General Education offers courses in the humanities, social sciences, English, mathematics, and science. These courses emphasize critical and independent thinking, effective reading and writing, ethical responsibility, and cultural literacy in a global context. In addition, these courses add value to the specialized, career-focused business, health, or professional studies training provided in the degree programs.

Berkeley students benefit from a wide array of general education and elective courses, ranging from fundamental classes in areas such as writing, literature, mathematics, and psychology to the more innovative, interdisciplinary curricula of courses like Histories, Mysteries and Scandals in 20th Century America; Police and Society; The Art of Film; Forensic Psychology; Human Sexuality; Mind and Body; World Religions; and The Ethics of Sports. While they vary in content, each course in the Division of General Education is dedicated to cultivating a more critically engaged, self-directed, and civic-minded student.
School of Professional Studies

The School of Professional Studies provides the necessary education to prepare students for success in careers requiring specialized training. The School of Professional Studies offers courses that give students the in-depth knowledge and latest skills required to excel in professional environments.

Academic Programs

- 3D Digital Visualization
- Graphic Design
- Interior Design
- Legal Studies
- National Security (with concentrations in Intelligence, Critical Infrastructure, Public-Private Partnerships, and Information Security)

For complete information on Berkeley's areas of study, visit BerkeleyCollege.edu.

Four-year Combined B.B.A./M.B.A. Option

This special program allows high-achieving students to complete both a Bachelor's and Master's degree in as few as four calendar years, assuming full-time enrollment in three semesters per year.*

Not all programs are offered for completion at each campus or through Berkeley College Online®. Please review the academic program pages (BerkeleyCollege.edu/academics.htm) for information on where each program is offered. Additionally, all students may be required to take some courses at another campus or online. The Career Development and Internship courses are only offered online.
Excellent Academic Programs

Each program of study is developed to ensure that the curriculum and skills properly prepare graduates for today’s workplace. Programs are also evaluated and updated regularly in accordance with industry trends.

Honors Program

The Berkeley College Honors Program is a selective interdisciplinary program that gives students the opportunity to study program-related topics in greater depth than is possible in the regular degree programs.

The Center for Academic Success

Tutoring, workshops, and numerous on-site and online support resources are available through the Center for Academic Success. Students have access to both peer and professional tutors, who are available during the day, evenings, and weekends.

Support Services

As an institution that specializes in delivering a strong education, Berkeley College understands what it takes for you to compete in today’s professional environment. To ensure that graduates have the skills and knowledge needed to achieve their goals, the College provides students with access to a range of valuable resources and support services.

Jumpstart

The Jumpstart program is an optional program for students who have been accepted to Berkeley, but need to develop their reading, writing, and math skills. The program, which is available every term, is designed to allow high school seniors and adult students to meet their developmental reading, writing, and math requirements, at no additional cost, in the term prior to their matriculation at Berkeley.
Be informed

Business
Knowing what it takes to make a business successful and prosperous is part of what this workshop provides. Speaking with executives, managers, various department heads, and workers supplies valuable insight into this huge and diverse industry. Discussions on teamwork, leadership qualities, and necessary skills are reviewed.

Healthcare
During interactive presentations and demonstrations provided by professionals and instructors, students will learn about some of the training and skills needed to be successful in different areas of the allied healthcare industry, one of today’s most in-demand careers.

Graphic/Game Design
Turn passion for design or gaming into an exciting career. You’ll hear from experienced professionals and professors and learn about a broad range of skills in our specialized design studios - motion graphics, game design graphics. You’ll also hear from current students about the design projects they have completed.
Explore the career that’s right for you with Summer Workshops

Fashion
From buying to merchandising, this workshop will give you an overview of the many careers in the fascinating business of fashion. Learn from industry-trained faculty and guest speakers from leading fashion companies.

Legal/Justice Studies/National Security
Join us in investigating careers in criminal justice, national security, and legal studies. If you have a desire to combat crime and a passion for justice, this workshop will give you an opportunity to learn from accomplished instructors, prominent guest speakers, and get a behind-the-scenes look at these exciting fields.

Interior Design
You’ll learn that Interior Design deals with the art of business in enhancing the interior of an environment. Successful interior designers and professors will give you the “know how” on designing a room from floor to ceiling. Hear from a current student and learn the top interior design trends. Explore a range of careers and get insider tips on entering this exciting field.
Financial aid can make it happen

Institutional Aid
During the 2020-2021 award year, more than $40 million in direct Berkeley College institutional aid was awarded. This amount is in addition to any federal and state aid.

Berkeley Alumni Legacy Scholarship: A scholarship up to 25 percent may be awarded to full-time students in a degree program who have had at least one parent, grandparent, or legal guardian graduate from Berkeley College. Students must maintain full-time, continuous, consecutive term enrollment, and maintain a cumulative Berkeley College GPA of 2.50 or higher at the end of each award year to retain their scholarship.

Achievement Award: Incoming full-time and part-time students enrolled in a degree program with a 2.50 grade point average (GPA) or higher will be considered for an award. Awards are up to $4,275 per year based on GPA. Students must maintain full-time, continuous, consecutive term enrollment and maintain a cumulative Berkeley College GPA of 2.50 or higher at the end of each award year to retain their scholarship.

Honors Scholarship: 2022 high school graduates who are accepted to the Honors Program may receive up to a half- or full-tuition scholarship based on their high school GPA. Students who achieved a high school GPA between 3.00 and 3.49 may be eligible for up to a half-tuition scholarship. Students who achieved a high school GPA of 3.50 or higher may be eligible for up to a full-tuition scholarship. Students must maintain full-time, continuous, consecutive term enrollment, and maintain a cumulative Berkeley College GPA of 3.00 or higher at the end of each award year to retain their scholarship. (If a student fails to meet the state deadlines and is now not eligible where they would have ordinarily received the award, calculation of the honors award will be less that amount.) Deadline: July 1, 2022.

DECA/FBLA/HOSA: Incoming full-time students who are enrolled in a degree program and have participated in DECA/FBLA/HOSA in high school may be eligible for up to a full-tuition scholarship. Award amounts vary based on high school GPA. Students must maintain full-time, continuous, consecutive term enrollment and maintain a cumulative Berkeley College GPA of 2.50 or higher at the end of each award year to retain their scholarship.

Presidential Scholarship: Berkeley offers 120 half-tuition scholarships and six full-tuition scholarships, which are awarded annually to high school seniors who demonstrate a high level of academic achievement based on their high school grade point average (GPA). Students must maintain a full-time, continuous, consecutive term enrollment, a cumulative 3.00 GPA, and satisfactory academic progress. First-time students enrolled in a degree program must complete all admissions requirements by December 15, 2021 to be considered for this scholarship.

Berkeley College Grant: The amounts for this grant vary based on need and enrollment status. Students are required to maintain satisfactory academic progress.

Federal and State Aid
Financial assistance programs are available from federal and state sources, including:

- Federal Pell Grants
- Federal Supplemental Grants
- New York TAP
- New Jersey TAG
- Low-interest student and parent loan program

If you wish to apply for financial aid, you must complete the Free Application for Federal Student Aid (FAFSA). You may apply electronically at fafsa.ed.gov. The Financial Aid Office can help answer questions regarding your options.
Accreditations and Approvals

Berkeley College is accredited by the Middle States Commission on Higher Education, 3624 Market Street, Philadelphia, PA 19104. (267-284-5000). Accreditation was last reaffirmed in June 2018. The Middle States Commission on Higher Education is an institutional accrediting agency recognized by the U.S. Secretary of Education and the Council for Higher Education Accreditation.

Berkeley College is authorized by the Secretary of Higher Education of the State of New Jersey to offer programs in New Jersey leading to the degrees of Master of Business Administration (M.B.A.), Bachelor of Fine Arts (B.F.A.), Bachelor of Science (B.S.), Bachelor of Business Administration (B.B.A.), Bachelor of Science in Nursing (B.S.N.), Associate in Science (A.S.), and Associate in Applied Science (A.A.S.), as well as certificates in Medical Assistant; Medical Insurance, Billing, and Coding; Patient Care Technician; Practical Nurse; and Surgical Processing Technician.

Berkeley College is authorized by the New York State Board of Regents to offer programs in New York leading to the degrees of Bachelor of Business Administration (B.B.A.), Bachelor of Science (B.S.), Associate in Science (A.S.), and Associate in Applied Science (A.A.S.).

All Berkeley College programs of study are approved for veterans and their eligible dependents under the GI Bill, and Berkeley College is an approved participant of the Department of Veterans Affairs Yellow Ribbon Program. The College is also certified to enroll foreign students under the Student and Exchange Visitor Program (SEVP).

Berkeley College has received specialized accreditation for its business programs through the International Accreditation Council for Business Education (IACBE) located at 11374 Strang Line Road in Lenexa, Kansas, USA. The business programs in the following degrees are accredited by the IACBE:

- Bachelor of Business Administration in Accounting, Business Administration-Management, General Business, Fashion Merchandising and Management, Financial Services, Health Services Management, International Business, Marketing Communications
- Bachelor of Science in Information Technology Management
- Associate of Applied Science in Business Administration-Accounting, Business Administration-Management, Fashion Merchandising and Management, Financial Services, Health Services Administration, Information Technology Management, International Business, Marketing Communications
- Associate of Science in International Business

The Interior Design program leading to the Bachelor of Fine Arts degree is accredited by the Council for Interior Design Accreditation, www.accredit-id.org, 206 Grandville Avenue, Suite 350, Grand Rapids, MI, 49503-4014; telephone: 616-458-0400.

The LPN to B.S.N. program is provisionally approved by the New Jersey Board of Nursing (124 Halsey Street, Newark, NJ 07120; telephone: 973-504-6430; website: www.njconsumeraffairs.gov/nur/Pages/default.aspx).

The Practical Nurse program is approved by the New Jersey Board of Nursing (124 Halsey Street, Newark, NJ 07120; telephone: 973-504-6430; website: www.njconsumeraffairs.gov/nur/Pages/default.aspx).

The Medical Assistant certificate program is accredited by the Commission on Accreditation of Allied Health Education Programs (25400 U.S. Highway 19 North, Suite 158, Clearwater, FL 33763; telephone: 727-210-2350; website: www.caahep.org) upon the recommendation of the Medical Assisting Education Review Board (MAERB).

The Surgical Technology program is accredited by the Commission on Accreditation of Allied Health Education Programs (25400 U.S. Highway 19 North, Suite 158, Clearwater, FL 33763; telephone: 727-210-2350; website: www.caahep.org) upon the recommendation of the Accreditation Review Council on Education in Surgical Technology and Surgical Assisting (ARC/STSA).

Berkeley College Online® has been awarded USDLA/Quality Standards certification by the United States Distance Learning Association (USDLA).

Online programs are subject to regulation by New Jersey and/or New York, as well as by the state of each student’s residence. It is, therefore, essential that online students intending to change their state of residence notify their Academic Advisor as soon as possible in advance, since such change may affect their eligibility to remain enrolled in the College.
“I like the small classes because it enables me to connect easier with my professors and classmates. The professors are very approachable and make themselves available when I have questions. Plus, since they have experience in their fields, they bring those real-life stories to the classroom.”

—Michael Cusack
Justice Studies - Criminal Justice
Take the next step

In Person
Visit the Berkeley campuses to get an up-close view of our career-focused education. Admissions representatives will arrange a tour and answer all of your questions. During your visit, you’ll learn about:

- Programs of study
- Scholarships and financial aid
- Comprehensive support services and resources
- Career Services
- Student Development and Campus Life
- Student residence facilities
- Online course options

On the Web
BerkeleyCollege.edu is packed with information about every aspect of preparing for a career at Berkeley College. From researching program and course details to taking virtual tours of all of our campuses, it’s a great place to begin your journey.

Virtual Interview
We encourage you to visit one of our campuses. If you can’t, we offer virtual interviews for your convenience.

On Social Media
Learn about the Berkeley experience directly from the Berkeley community. Stay connected to hear what students have to say, discover our activities and events, and much more.

Apply to Berkeley College
- Online at BerkeleyCollege.edu/Apply
- By mail or in person

You’ll be asked to submit:
- A non-refundable $50 application fee
- A high school transcript or the equivalent

In evaluating candidates, the Committee on Admissions takes into consideration your individual interests, your motivation to succeed in a chosen profession, and prior academic achievement. Basic requirements for admission include graduation from an accredited high school or equivalent and an entrance exam or SAT/ACT scores. A personal interview is strongly recommended.

Call 800-446-5400 to schedule an appointment with an admissions representative to discuss your educational objectives and career plans. Berkeley College encourages you to apply as soon as possible and wishes you much success.
